- Action Item 63.07 - ?? OPEN
Document PSF Generation Using SIMSPG
 Some form of user’s guide will be made available.
- Action Item 79.02 - McConnell OPEN
Provide updated PSF status and SIM references

COMPASS Status at UNH

- **still going...**
- **No hardware/software maintenance for workstations or archive system.**
- **Archiving software (the now-discontinued Epoch) not Y2K compliant.**
- **Currently moving to a new archive system that is supported by the UNH Research Computing Center.**

Data Deliveries to the SSC

- **Latest data delivered to SSC is from VP 728.2 (July, 1998). Data released in Nov '98. Delivered to SSC in Dec '98.**
- **Subsequent deliveries not completed because we had fallen well behind on our data imports and the necessary data was not available in our local archive.**
- **Data imports to the new archive system will soon begin. Will then bring archive up-to-date and resume deliveries.**
